## **A Note Regarding Filming and Editing:**

1. Given the digital platform of Variety Show this year, we encourage talent acts and class acts to use the videography and editing talent of their classmates to produce their videos.
2. While the talent acts will be judged more on talent than technology, the quality of audio and video will inevitably affect the overall enjoyment of the act.
3. Since class acts are limited in choreography options and props this year, we encourage the use of multimedia and editing effects to enhance your performance.
4. If any class act needs equipment, please contact [mpierce@waiakeahs.k12.hi.us](mailto:mpierce@waiakeahs.k12.hi.us).
5. If any class act needs assistance with editing, students in Mr. Yamamoto's digital media classes are available to help. Please contact [dyamamoto@waiakeahs.k12.hi.us](mailto:dyamamoto@waiakeahs.k12.hi.us) by **February 5th**.
6. At the request of class representatives, Mr. Yamamoto can hold an informational meeting for filming tips in February. Advisors please let Mr. Yamamoto know by **February 5th** to arrange.

For more information or questions, please contact any of the Variety Show chairpersons or advisors. Thank you and good luck!
